Ref. No. 2749-C/35-2.

Station Madras., Dated the 30th September 1938.

From (Name) Mr. P. Sundara Raj. M.A., Ph.D.,

(Designation) Director of Fisheries,

To The Secretary to the Government of Madras,

development Department.

Sir,

I enclose a list of ^{four} ~~five~~ schools, showing the strength of pupils in which it has become necessary to appoint additional teachers. The strength in the school has increased on the re-opening of the schools after the vacation.

2. Rule 6 of the rules framed under section 41(2) of the Madras Elementary Education Act, 1920, lays down that there shall be at least one regular teacher for every 40 pupils on the rolls. While this number is to be in all cases the maximum permissible, it is very desirable that

there should be a teacher for every 30 pupils. The requirements of additional teachers are calculated under this rule.

(a) valpe and sandapit schools. The strength in the valpe school is 72 and that in sandapit is 77. There are only 2 teachers and 3 classes in each of these schools. Therefore, one of the two teachers in each of these schools has to handle 3 classes. Though the maximum number of pupils prescribed in the rules has not been exceeded, an additional teacher is required in each of these schools in the interests of efficiency.

One teacher's post in the valpe school was abolished in G.O. No. 1035 Development dated 7th November 1934 when the strength fell to 55.

(b) guilandy school. There are now 164 pupils on the rolls and the staff consists of only 4 teachers. The maximum number of pupils in the 1st standard has exceeded 40, the limit prescribed in the rules. A division of the I and II standards has become necessary. In G.O. No. 650 Development dated 29th April 1935, the government ordered that one post of teacher in the guilandy school should be left unfilled. The post kept in abeyance in the school may now be revived.

(c) Kaipamangalam school. The strength of the pupils is 289 distributed in eight standards of which the I standard is divided into two sections. There are nine teachers. The II standard has also to be divided into two sections but this could not be done for want of additional teachers. This is one of the best schools on the west coast and in the interests of efficiency an additional teacher is required.

3. In the circumstances, I request that you will be so good as to obtain the sanction of Government for the appointment of 4 additional teachers in the schools at Malpe, Gandaspit, Guilandy and Kaipamangalam. The proposal may be ~~xxx~~ considered as a part II scheme for 1936-37 and a provision of Rs.1,000 included in the Budget estimate for that year under "F. fishery schools - pay of establishment. The ultimate recurring cost is Rs.1,600/- per annum.

I have the honour to be,

sir,

your most obedient servant,

2 Then (2) above:

It was ordered that out of 5 posts

In para 1 of no: 650 Dated 22.4.35, one post of teacher in the Quilandy School should be left unfilled in view of the fall in strength. It was also stipulated in last order that if after the reopening of the School after Summer recess the strength showed any increase the H.F. might apply for sanction to the ~~Director~~ for the post.

The strength of the School in April 1934 and January 1935 was respectively 125 and 118.

The Strength has now increased
to 164. In view of this increase
Finance may agree to the
removal of the ^{the} post of 1st teacher
thus making up the total number
of teachers to 5 in lieu of 4.
